**Replacement and Supply of Central Electric Water Heater Unit Embassy of India building**

Embassy of India, Kuwait invites bids from interested companies for replacement of old and supply of new Central Electric Water Heater Unit (CEWHU) at Indian Embassy building by 5<sup>th</sup> November, 2018.

The scope of the work will be as under:

- (i) Dismantling and removal of the existing CEWHU after disconnection of power supply, drain piping etc.
- (ii) Supply and installation of new CEWHU of capacity of 500 Gallon, 45 KW. Suitably modifying the existing supply and return piping to suit the new unit.
- (iii) Supply and installation of new thick fiber glass insulation for the new unit plus installation of new drain water piping.
- (iv) Reconnection and testing/functioning of the new CEWHU.
- (v) The quoted price should include charges for labour/transportation etc.

2. The site of work will be open for inspection and discussion, if required, which can be held during office hours with Mr. Fahad Ahmed Khan Suri, SS(Com & Admin) (Tel: 22523304) from 4<sup>th</sup> October to 4<sup>th</sup> November, 2018.

3. Interested companies should have at least five years recent experience in similar work having worked with government and/or major organizations in Kuwait. The offer should also include the company profile and experience indicating the organizations where similar work is being done.

4. All offers should be in two separate sealed covers marked “ **Technical Bid**” To be opened by addressee only and “**Financial Bid**” – To be opened by addressee only” and addressed to the “Head of Chancery”, Embassy of India, Daeya, Diplomatic Enclave, Arabian Gulf Street, Safat 13015, Kuwait.
